

Our Profile...

Artistic Director Adam Pink, of The Adam Pink Salon located in Signature Salon Studios, Suite 225, has been fulfilling his life-long dream of "Helping people feel good". Recognition from the American Cancer Society, in the form of the prestigious honor of being a "Look Good Feel Better" salon is a portion of what motivates this long-time hair professional and Ahwatukee Resident.

Adam believes strongly in the need for education on all levels. His original training was at Sebastian Salon in New York City. He is constantly attending classes for seasonal updates in New York City and Los Angeles. He educates salon professionals on the latest trends in cutting, finishing, and client retention. In addition, Adam is an instructor for the Brazillian Blowout - a hair smoothing system.

All of his clients benefit from his experience as an educator. He explains and teaches technique while blow drying a client's hair. Should he or she require additional instruction, Adam will provide a complimentary lesson for him or her. Also, Adam will provide a complimentary bang trim with any service he performs.

Adam remains adamant about donating his services and time to a growing community. He has and will continue to do amazing makeovers. Adam has teamed with other professionals to teach and support the discovery of the right look for the individual. And he will happily do makeovers for charity and women's/men's groups' shows.

Adam Pink has watched this community and his two children grow and flourish simultaneously. During this time, he has enjoyed working with thousands of Arizonans as his businesses have expanded.

For a fashion forward change, trust Adam Pink.
